

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. THE BOSTON
Saturday Evening Gazette.

THE SOCIETY PAPER OF BOSTON.

THE BOSTON SATURDAY EVENING GAZETTE is peculiarly a Boston paper, and has been for nearly three-quarters of a century the leading family weekly journal of the city. Its circulation is largely among the most intelligent and influential class of readers.

In the discussion of topics relating to

Literature, Politics, Art, Music and the Drama, Society, and the General Affairs of the Day,

It employs the best writers, and among these are gentlemen and ladies who are recognized as the first authorities in the specialties of which they treat.

An important feature is the publication of the Sermons of the Rev. JAMES FREEMAN CLARKE, D.D., which are printed each week during nine months of the year, from the author's manuscript, and are believed to be the ablest and the most widely read discourses that emanate from any New England pulpit.

The GAZETTE is a special favorite with the ladies. Its "Out and About" columns contain a larger amount of matter of interest to this class than can be found in any weekly journal in the country, and have given it a reputation in Society Circles everywhere. As a hotel paper it stands second to none in extent and thoroughness of information. It is taken in clubs throughout the United States. In fact, as a SOCIETY, HOTEL, and CLUB PAPER, it is without a rival.

The GAZETTE gives close attention to local news, and is the only Sunday paper in Boston, except the "Herald," that has the advantage of the Associated Press telegraphic despatches.

As an advertising medium, the advantages of the GAZETTE are obvious, and are widely appreciated. No journal has a more select and desirable advertising patronage; and by the Book Trade, the Hotels of the Country, the Dry-Goods Trade, and in specialties in which the patronage of ladies is solicited, it is most of all sought.

"One of the brightest and most enterprising papers in New England."—*Harper's Weekly*.

"THE BOSTON SATURDAY EVENING GAZETTE continues to be conducted with diligent enterprise, and to maintain its claims to the regard of its numerous friends by the diversity and ability manifested in its well-filled columns from week to week."—*Boston Transcript*.

"THE BOSTON SATURDAY EVENING GAZETTE, which has seen the rise and fall of at least a score of newspapers in Boston, keeps on the even tenor of its way without a skip or a break. Its appearance is not suggestive of age, but of perpetual youth, and it holds its peculiar field without a rival."—*Boston Herald*.

Upper left corner — Congratulations.

Lower right corner — Adieu.

 OCTOBER, 1883.

BOSTON FIRE-ALARM TELEGRAPH: SPECIAL NOTICE.

The fact that an alarm-box is located near their residence, and where the key is kept, should be known to all persons, both male and female; and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries, to enable them, in case of need, either to get the key, and give an alarm, or to direct others to do so. *Time* saved in this way may sometimes prevent a conflagration.

In case of fire, follow these

DIRECTIONS.

Get the key to the nearest box to the fire.

Open the box; pull the hook all the way down *ONCE*, and let go.

Wait *one full minute* for the sound of the bells.

If you hear no sound, *pull again*; and the *third* time if you get no sound.

If you fail the third time, go to the next nearest box, and do the same there; but do not touch any other box if the nearest one gives the alarm.

After giving the alarm, remain a while if *possible* by the box, so as to direct the firemen to the fire.

SECOND ALARMS. — No person will give alarms for the same fire (after the first alarm has been given), without an order from an Engineer; and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief Engineer. *If, however*, a fire breaks out while another is burning in a different section of the city, a *second* alarm can be given by a Police Officer without waiting for an order from an engineer.

CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the apparatus except in case of fire.
2. Never sound the alarm for a fire seen at a distance.
3. Be reasonably sure there is a fire before sounding the alarm.
4. Be sure your box is locked before leaving it.
5. Never let the key go out of your possession, except to some responsible person to give an alarm of fire; and be sure the key is returned.
6. *If you remove from your house, or place of business, return the key to the Fire-Commissioners' Office without delay.*
